will be handled by a master.

After the meeing on the 19th of January and on the 3rd of June, the Daughters of the Confederacy of Henderson county, and of the entire south, will no longer award crosses of honor to deserving veterans. All veterans desiring a cross must therefore, make application before the expiration of the time limit.

Christmas Tree.

The children at the graded school enjoyed a very pleasant Christmas treat from their teachers several days ago. In each of the class rooms there was a Christmas tree, strung with dainty little gifts, one for each of the pupils and the teachers. One of the rooms was made dark and with the lighted candles dotted about upon the tree, made the whole a very appropri- teresting and everyone is invited to be ate occasion, at which all the children present. 31 60 thoroughly enjoyed themselves. There 35 00 were other interesting numbers on the program which aided in making the afternoon one that will long be remembered by those who attended.

Still Captured at Green Mivez. One thirty gallon barrel. Two six gallon kegs. Four one gallon kegs. Four five gallon barrels. Six jugs. Part of a moonshine outfit. One business like gun.

Two negro customers. That's what Chief of Police Hillard Maxwell and Constable Case found in the possession of Joseph Peace, at two o'clock this morning, at his home in the Green River section.

Peace is now in jail, charged with retailing. As a matter of fact, the etficers believe they have found the one riginal source from which the smaller fry, like the "Rye Patch," have been drawing their supplies.

All the liquor captured was of the moonshine variety, and part of a still was found in his home. It will therefore go hard with Peace if he is con-

The officers, who are conducting the most energetic crusade against the ilegal sale of liquor in the history of the county, received a quiet tip to the effect that there was a still being operated near Saluda, about two miles this side of that town. They started on their lonk and cold drive there, found the spot after a search, and discovered Peace in the act of making a sale to two colored men. The different kegs, barrels and bottles were loaded into the carriage and the almost frozen officers returned to town o'clock this morning. It was impossible to bring the "worm," a part of a still, which they found in the house.

The captured whiskey, which is real, old genuine moonshine was unloaded at the Herald office, which happen ed to be opened at the time.

A very business like gun was taken from Peace when the officers burst in real sudden like, as he was talking up the merits of his brand of fire water. through the town. These stories were branded at the time as being utterly improbable, but in the light of later events it does not now seem se improbable, after all.

The officers are being remarkably successful in their efforts to break up the illegal sale of liquor, and neither hardship, nor personal danger, ner ny other consideration cuts any figure with them when they start out to de their duty.

A Ton of Henderson Hor. Four big hogs, raised in Henderson county, aggregating in weight 2121 pounds, were in Hendersenville today. Three of them were weighed in herd's store, the other was weighed at Fletchers, and the attested weight phoned in.

These prize pokers were contestants for the ten dollar prize offered by Mr. Shepherd for the largest hog killed in the county. So far the money has been won by Mr. Joe Burgin, with a little bit of a pig which tipped the the scales at 698. There may be a larger hog hid somewhere in this county but so far no one knows of it. It is very likely that Mr. Burgin will get the ten plunks offered by the pub-

The names of the owners and the weights of their pigs are as follows:

H. K. Peace, 446 1-2. A. R. Corn, 441 1-2. W. J. Baldwin, 585. Joe Burgin, 698.

Mr. Burgin's hog was a Poland China. The above are dressed

Mr. Paul Rhodes is spending the winter in St. Petersburg, Fla., having gone there for his health.
